

Penyffordd Community Council

Councillor Profile – Jeff Priddin

Name

Jeff Priddin

How long lived in the village?

I have lived in the village about 34 years and have two sons who attended the local schools.

How long you have been on the council?

I joined the council in January 2016 and from day one I enjoyed the challenge.

What Working Groups are you involved with?

I am on the Liaison Committee with Castle Cement and attend meetings on behalf of the council and the village.

Personal interest, hobbies, family etc

I retired in 2008 after working at the Broughton aircraft factory for 40 years.

I was widowed in 2009 and since then have met and married Yvonne who I believe a lot of you may know through the knitting for the village tree.

My hobbies are fishing, and I am a licensed amateur radio operator and belong to the Chester radio society, and I enjoy metal detecting and I am a member of the Mold metal detecting club. I enjoy a walk around the village most days with my wife Yvonne, and if you see me and you want to talk or ask me any questions please do so as I am always happy to help anyone and am also available for a chat on the phone.

The council is a challenge in its self and it's never boring.

I feel very passionate about our village and its community as it's a lovely place to live, and I will always go out of my way to help anyone, and if I can't solve the problem I will try to put you in touch with someone who can help.
